SUBJECT: Public Comments and Response regarding LSA Document # 17-270

There were no public comments received; however, the State School Bus Committee members wanted to make some further clarification and determined one section would be removed. Attached are summaries of the changes the Committee decided to make during the public hearing. All changes made were voted on by the State School Bus Committee and unanimously approved. None of the changes have any fiscal impact. The Department has no objection to any of the changes made.
